I was walking in my neighborhood.
I saw lots of homes.

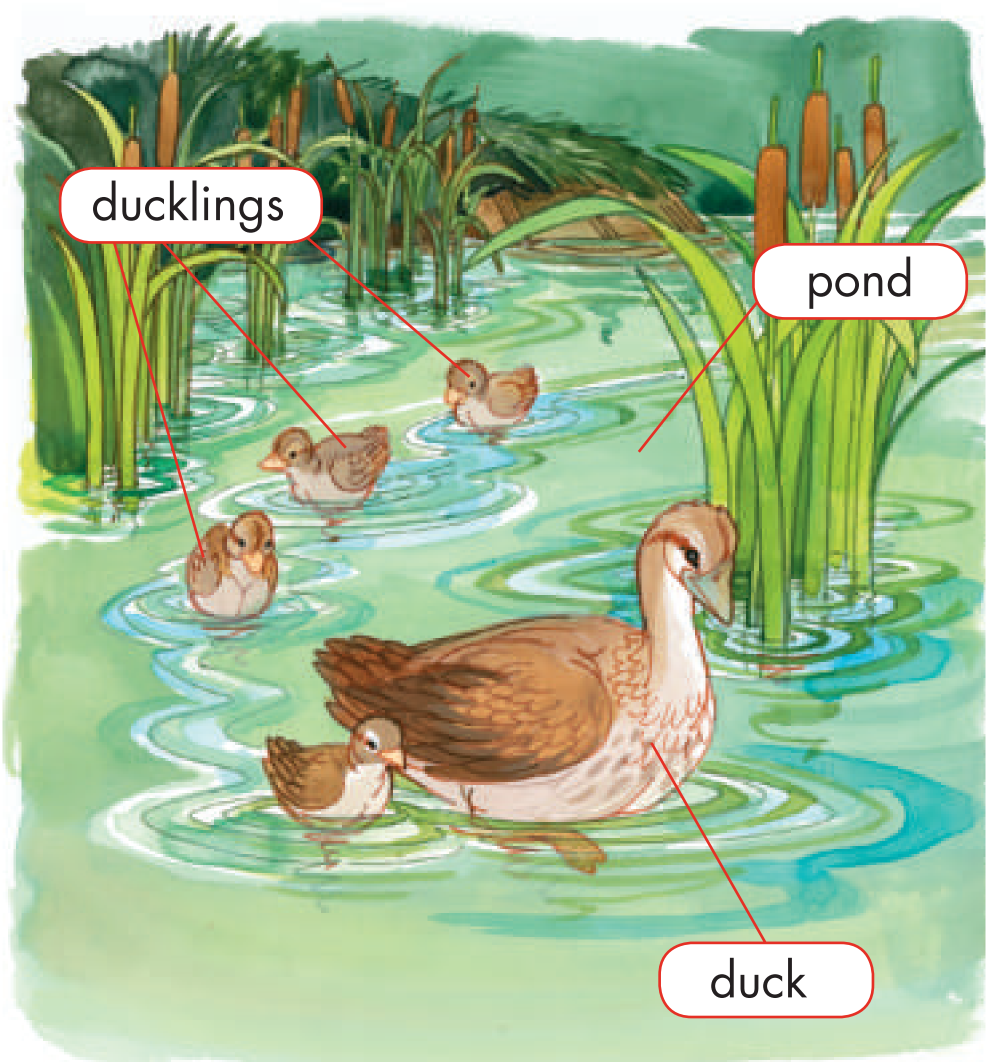

I saw a home of logs and mud.
It was in the water.
It is called a lodge.
Who lives here? A beaver lives here.

I saw a home of straw and mud.
It was in a tree.
It is called a beehive.
Who lives here? Bees live here.

I saw a home of grass and twigs.
There were three small eggs inside.
It is called a nest.
Who lives here? A bird lives here.

I saw a home cool and wet.
It is in the park.
It is called a pond.
Who lives here? Ducks live here.

I saw a home of dirt.
It is in the grass.
It is called an ant hill.
Who lives here? Ants live here.

Who lives in your neighborhood?

Talk About It

1. Tell one way the ant hill and the beehive are the same.
2. Tell one way the ant hill and the beehive are different.

Write About It

3. Draw a picture of an animal home on a separate sheet of paper. Tell about it.

Extend Language

A neighborhood is a place. A pond is a place. Is a park a place? What are some other words for places?
